Announcement

Final Results for the Financial Year Ended 31 December 2017

The Board of Directors (the “Board”) of Asia Satellite Telecommunications Holdings Limited (the “Company”) is pleased to announce the audited consolidated results of the Company and its subsidiaries (the “Group”) for the year ended 31 December 2017, together with comparative figures for the corresponding year in 2016 as follows:

Consolidated Statement of Comprehensive Income

	Note	Year ended 31 December	
		2017 HK\$'000	2016 HK\$'000
Revenue	2	1,353,913	1,272,385
Cost of services	4	(639,590)	(627,392)
Gross profit		714,323	644,993
Administrative expenses	4	(164,988)	(138,313)
Other gains – net	3	92,220	4,651
Operating profit		641,555	511,331
Finance expenses	5	(94,742)	(54,353)
Profit before income tax		546,813	456,978
Income tax expense	6	(150,213)	(27,044)
Profit and total comprehensive income for the year		396,600	429,934
Profit and total comprehensive income for the year attributable to :			
- Owners of the Company		396,669	429,934
- Non-controlling interests		(69)	-
		396,600	429,934
Earnings per share attributable to the owners of the Company for the year (expressed in HK\$ per share)			
Basic earnings per share	7	1.01	1.10
Diluted earnings per share	7	1.01	1.10

Consolidated Statement of Financial Position

	Note	As at 31 December		
		2017 HK\$'000	2016 HK\$'000	
ASSETS				
Non-current assets				
Leasehold land and land use rights		17,202	17,785	
Property, plant and equipment		6,930,280	6,830,436	
Unbilled receivables		19,040	19,575	
Deposit	9	2,851	2,851	
Total non-current assets		6,969,373	6,870,647	
Current assets				
Unbilled receivables		8,458	9,215	
Trade and other receivables	9	208,598	317,624	
Cash and bank balances		214,465	240,583	
Total current assets		431,521	567,422	
Total assets		7,400,894	7,438,069	
EQUITY				
Equity attributable to owners of the Company				
Share capital		39,120	39,120	
Reserves				
- Retained earnings		3,282,940	3,029,950	
- Other reserves		29,607	35,600	
		3,351,667	3,104,670	
Non-controlling interests		835	904	
Total equity		3,352,502	3,105,574	
LIABILITIES				
Non-current liabilities				
Bank borrowings	10	2,593,983	2,913,283	
Deferred income tax liabilities		462,515	432,271	
Other payables		-	39,000	
Deferred revenue		230,825	67,215	
Other amounts received in advance		-	1,377	
Total non-current liabilities		3,287,323	3,453,146	
Current liabilities				
Bank borrowings	10	358,923	350,040	
Construction payables		67,448	30,521	
Other payables and accrued expenses		80,874	68,725	
Deferred revenue		191,761	173,085	
Current income tax liabilities		62,063	256,978	
Total current liabilities		761,069	879,349	
Total liabilities		4,048,392	4,332,495	
Total equity and liabilities		7,400,894	7,438,069	

Notes:

1. Basis of preparation

The consolidated financial statements of the Company and its subsidiaries (together, the “Group”) have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) and have been prepared under the historical cost convention.

The preparation of financial statements in conformity with HKFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group’s accounting policies.

As at 31 December 2017, the Group’s current liabilities exceeded its current assets by approximately HK\$329,548,000 (2016: HK\$311,927,000). Included in the Group’s current liabilities were deferred revenue of HK\$191,761,000 (2016: HK\$173,085,000) which represents non-refundable customer prepayments that will be recognised as revenue over the next twelve months through provision of transponder capacity services. The Group’s net current liabilities less deferred revenue was HK\$137,787,000 (2016: HK\$138,842,000). The Group’s forecasts and projections, taking account of reasonably possible changes in trading performance, show that the Group should be able to operate within the level of resources generated from its operations, together with the available banking facilities. Based on these forecasts and projections, the directors have a reasonable expectation that the Group will have adequate resources to continue its operations and to meet its financial obligations as and when they fall due in the next twelve months from the date of the Group’s consolidated financial statements. Therefore, the Group has prepared its consolidated financial statements on a going concern basis.

Changes in accounting policies and disclosures

(a) New and amended standards adopted by the Group

The following new standards and amendments to existing standards have been adopted by the Group for the first time for the financial year beginning on or after 1 January 2017:

HKAS 7 (Amendments)	Statement of Cash Flows
HKAS 12 (Amendments)	Recognition of Deferred Tax Assets for Unrealised Losses

The adoption of these amendments did not have material impact on the financial statements for the current year, except for amendments to HKAS 7 require disclosure of changes in liabilities arising from financing activities.

(b) New standards and interpretations not yet adopted by the Group

The following new standards and amendments to existing standards and interpretations have been issued, but are not effective for the financial year beginning 1 January 2017 and have not been early adopted.

HKFRS 2 (Amendments)	Share-based Payment ¹
HKFRS 9	Financial Instruments ¹
HKFRS 15	Revenue from Contracts with Customers ¹
HKFRS 16	Leases ²
HKFRS 10 and HKAS 28 (Amendments)	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ³

1. Basis of preparation (Continued)

Changes in accounting policies and disclosures (Continued)

- (b) New standards and interpretations not yet adopted by the Group (Continued)

HK (IFRIC) – Int 22	Foreign Currency Transactions and Advance Considerations ¹
HK (IFRIC) – Int 23 Annual Improvement 2017	Uncertainty over Income Tax Treatments ² Annual Improvement Project 2014 – 2016 Cycle

¹ Effective for the Group for annual periods beginning on or after 1 January 2018

² Effective for the Group for annual periods beginning on or after 1 January 2019

³ To be determined

Management is in the process of assessing the impact of these new standards, amendments to standards and interpretation to existing standards. Below set out their expected impact on the Group's financial performance and position:

- (i) HKFRS 9, "Financial instruments"

HKFRS 9 "Financial instruments" replaces the whole of HKAS 39. HKFRS 9 has three financial asset classification categories for investments in debt instruments: amortised cost, fair value through other comprehensive income ("OCI") and fair value through profit or loss. Classification is driven by the entity's business model for managing the debt instruments and their contractual cash flow characteristics.

Investments in equity instruments are always measured at fair value. However, management can make an irrevocable election to present changes in fair value in OCI, provided the instrument is not held for trading. If the equity instrument is held for trading, changes in fair value are presented in profit or loss.

For financial liabilities, there are two classification categories: amortised cost and fair value through profit or loss. Where non-derivative financial liabilities are designated at fair value through profit or loss, the changes in the fair value due to changes in the liability's own credit risk are recognised in OCI, unless such changes in fair value would create an accounting mismatch in profit or loss, in which case, all fair value movements are recognised in profit or loss. There is no subsequent recycling of the amounts in OCI to profit or loss. For financial liabilities held for trading (including derivative financial liabilities), all changes in fair value are presented in profit or loss.

Based on an analysis of the Group's financial instruments as at 31 December 2017, the Group does not expect the adoption of HKFRS 9 will have a significant impact on the classification and measurement of the Group's financial assets and financial liabilities.

1. Basis of preparation (Continued)

Changes in accounting policies and disclosures (Continued)

(b) New standards and interpretations not yet adopted by the Group (Continued)

(i) HKFRS 9, "Financial instruments" (Continued)

HKFRS 9 also introduces a new model for the recognition of impairment losses - the expected credit losses ("ECL") model, which constitutes a change from the incurred loss model in HKAS 39. HKFRS 9 contains a 'three stage' approach, which is based on the change in credit quality of financial assets since initial recognition. Assets move through the three stages as credit quality changes and the stages dictate how an entity measures impairment losses and applies the effective interest rate method. The new rules mean that on initial recognition of a non-credit impaired financial asset carried at amortised cost, a day-1 loss equal to the 12-month ECL is recognised in profit or loss. In the case of accounts receivables, this day-1 loss will be equal to their lifetime ECL.

Where there is a significant increase in credit risk, impairment is measured using lifetime ECL rather than 12-month ECL.

The new impairment model requires the recognition of impairment provisions based on ECL rather than only incurred credit losses as is the case under HKAS 39. It applies to financial assets classified at amortised cost, debt instruments at OCI, contract assets under HKFRS 15 Revenue from Contracts with Customers, lease receivables, loan commitments and certain financial guarantee contracts. The historical credit losses are immaterial.

Based on the assessments undertaken to date, the Group considers that there will be no material adverse change in the credit risks in respect of the Group's future financial assets and the adoption of the new ECL model under HKFRS 9 will not have significant impact on its financial performance and position.

The new standard also introduces expanded disclosure requirements. It is effective for first interim period of the financial year commencing on or after 1 January 2018. The Group has not early adopted this new standard.

1. Basis of preparation (Continued)

Changes in accounting policies and disclosures (Continued)

(b) New standards and interpretations not yet adopted by the Group (Continued)

(ii) HKFRS 15 “Revenue from contracts with customers”

HKFRS 15 “Revenue from contracts with customers” replaces the previous revenue standards HKAS 18 “Revenue” and HKAS 11 “Construction Contracts” and the related interpretations on revenue recognition. The new standard is based on the principle that revenue is recognised when control of a good or service transfers to a customer. The standard permits either a full retrospective or a modified retrospective approach for the adoption.

Based on the assessments undertaken to date, management has identified the following areas that are likely to be affected:

- Revenue from certain service agreements – the identification of performance obligations under HKFRS 15 may affect the timing of the recognition of revenue. When the Group enters into a contract with a customer that includes initial setup and installation services, the consideration received for these services will be amortised throughout the contract period, where the initial setup and installation services do not represent separate performance obligations and are used as inputs to deliver services specified by the customer.
- Accounting for certain costs incurred in fulfilling a contract – certain costs which are currently expensed may need to be capitalised under HKFRS 15. When the Group pays sales commissions which are incremental costs of obtaining a contract, the amount incurred will be recognised as assets if they are recoverable and amortised over the contract period for rendering of services.
- Accounting for certain contracts with a significant financing component – HKFRS 15 requires adjustments to the promised amount of consideration for effects of the time value of money. When the Group receives payment in advance of performance, amount of revenue recognised will be increased and exceeds the cash received as interest expenses will be recorded.

The Group does not expect the application of HKFRS 15 would result in a significant impact on the Group’s financial position and results of operations based on the current business model.

HKFRS 15 is effective for first interim period of the financial year commencing on or after 1 January 2018. The Group has not early adopted this new standard.

1. Basis of preparation (Continued)

Changes in accounting policies and disclosures (Continued)

- (b) New standards and interpretations not yet adopted by the Group (Continued)

- (iii) HKFRS 16 “Leases”

HKFRS 16 was issued in January 2016. From lessees' perspective, it will result in almost all leases being recognised on the consolidated statement of financial position, as the distinction between operating and finance leases is removed. Under the new standard, an asset (the right to use the leased item) and a financial liability to pay rentals are recognised. The only exceptions are short-term and low value leases.

The accounting for lessors will not significantly change.

The standard will affect primarily the accounting for Group's operating leases. As at 31 December 2017, the Group had non-cancellable operating lease commitments of HK\$36,573,000. However, the Group has not yet determined to what extent these commitments will result in the recognition of an asset and a liability for future payments and how this will affect the Group's profit and classification of cash flows upon adoption of the standard.

Some of the commitments may be covered by the exception for short-term and low value leases and some commitments may relate to arrangements that will not qualify as leases under HKFRS 16.

The new standard is effective for first interim period of the financial year commencing on or after 1 January 2019. At this stage, the Group does not intend to adopt the standard before its effective date.

2. Revenue and segment information

- (a) Revenue:**

The Group's revenue is analysed as follows:

	2017 HK\$'000	2016 HK\$'000
Income from provision of satellite transponder capacity - recurring (Note)	1,308,549	1,216,783
Sales of satellite transponder capacity	13,224	13,363
Other revenues	32,140	42,239
	1,353,913	1,272,385

Note:

For the year ended 31 December 2017, a total amount of HK\$22,880,000 (2016: HK\$13,269,000) was recorded as the additional revenue received or receivable from certain customers following the enactment of the Finance Act in India in 2012, which imposes tax on the Group for revenue that could be considered as Indian sourced. Further details were set out in Note 6 to this announcement.

2. Revenue and segment information (Continued)

(b) Segment information:

The chief operating decision-maker has been identified as the Chief Executive Officer of the Group. The Chief Executive Officer considers the business from a product perspective which is the operation, maintenance and provision of satellite telecommunication systems for broadcasting and telecommunication. As the Group has only one operating segment that qualifies as reporting segment under HKFRS 8 and the information that is regularly reviewed by the Chief Executive Officer for the purposes of allocating resources and assessing performance of the operating segment is the consolidated financial statements of the Group, no separate segmental analysis is presented.

Revenue reported in Note 2(a) above represented transactions with third parties and are reported to the Chief Executive Officer in a manner consistent with that in the consolidated statement of comprehensive income.

The Group is domiciled in Hong Kong. The revenue from customers in Hong Kong and Greater China for the year ended 31 December 2017 are HK\$155,534,000 (2016: HK\$177,283,000) and HK\$312,575,000 (2016: HK\$315,265,000) respectively, and the total revenue from customers in other countries is HK\$885,804,000 (2016: HK\$779,837,000). For the purpose of classification, the geographical source of revenue is determined based on the place of incorporation of the customers instead of the footprint of the satellites of the Group which may involve transmission to multiple geographical areas under a single satellite transponder capacity arrangement.

For the year ended 31 December 2017, there were 2 customers (2016: 1 customer), which individually contributed over 10% of the Group's total revenue. The revenue contributed from each of these customers was as follows:

	2017 HK\$'000	2016 HK\$'000
Customer A	135,449	126,027
Customer B	144,532	N/A
	<hr/>	<hr/>

The amounts provided to the Chief Executive Officer with respect to total assets and total liabilities are measured in a manner consistent with that in the consolidated statement of financial position. All assets and liabilities are related to the only operating segment of the Group whose operation is domiciled in Hong Kong.

3. Other gains - net

	2017 HK\$'000	2016 HK\$'000
Interest income	2,151	4,808
Net gain/(loss) on disposals of property, plant and equipment	247	(157)
One-off income and cost recovery (Note)	89,822	-
	<hr/>	<hr/>
	92,220	4,651
	<hr/>	<hr/>

Note: This represented a one-off income and recovery of expenses incurred arising from the resolution of a long pending tax matter related to the provision of services to a customer.

4. Expenses by nature

Expenses included in cost of services and administrative expenses are analysed as follows:

	2017 HK\$'000	2016 HK\$'000
Auditor's remuneration		
- audit services	1,960	1,900
- non-audit services	5,211	1,240
Provision for impairment of		
- trade receivables, net (Note 9)	6,519	2,350
Depreciation of property, plant and equipment	525,789	521,816
Employee benefit expense	146,478	132,030
Operating leases		
- Office premises	9,611	7,973
- Leasehold land and land use rights	583	583
Net exchange loss	18,029	8,785
Marketing and promotions expense	5,363	5,015
Legal and professional fee	17,003	15,428
Satellite operations	9,507	7,363

5. Finance expenses

	2017 HK\$'000	2016 HK\$'000
Interest expenses and finance charges incurred on bank borrowings	116,174	132,881
Unamortised loan origination fees written off upon repayment of bank borrowings	23,528	-
Less: interest capitalised on qualifying assets	(44,960)	(78,528)
Total	94,742	54,353

The interest rate applied in determining the amount of interest capitalised in 2017 was 3.70% (2016: 3.64%).

6. Income tax expense

A significant portion of the Group's profit is treated as earned outside Hong Kong and is not subject to Hong Kong profits tax. Hong Kong profits tax has been provided at the rate of 16.5% (2016: 16.5%) on the estimated assessable profit for the year. Taxation on overseas profits has been calculated on the estimated assessable profit for the year at the rates of taxation, that range from 7% to 43.26% (2016: 7% to 43.26%) prevailing in the countries in which the profit is earned.

	2017 HK\$'000	2016 HK\$'000
Current income tax		
- Hong Kong profits tax	2,354	32,421
- Overseas taxation (Note (a))	121,187	44,339
- Adjustments in respect of prior years (Note (a), (b))	(3,572)	(55,103)
Total current tax	<u>119,969</u>	<u>21,657</u>
Deferred income tax	<u>30,244</u>	<u>5,387</u>
Income tax expense	<u>150,213</u>	<u>27,044</u>

Note:

- (a) The Group had been in dispute with the Indian tax authority ("IR") in respect of revenues earned from the provision of satellite transponder capacity for a number of years.

In May 2012, the Finance Act was passed by the Indian Parliament and certain amendments were enacted with retrospective effect. Under the Indian Income Tax Act (as amended by the aforesaid Finance Act), revenues received from the provision of satellite transponder capacity to Indian resident customers or from certain non-resident Indian customers which carry on business in India or earn income from any source in India is chargeable to tax in India subject to the judicial interpretation of the amended provision by the courts in India. As the Finance Act introduced certain amendments with retrospective effect, the Group had recognised a provision for income tax in India since the financial year of 2012 reflecting an appropriate conservative view based on the historical information currently available, while defending the Group's position in the tax proceedings in the Indian courts.

In January 2017, the Group filed an application under the Direct Tax Dispute Resolution Scheme, 2016 ("DRS 2016") to the IR for a settlement of the tax disputes in relation to assessment years from 1997/98 to 2012/13. The DRS 2016 was introduced by the Indian government to allow eligible tax payers to settle their tax disputes as a result of the retrospective amendments to the Income Tax Act in 2012, provided all the pending appeals/writs are withdrawn and that any interest and penalties on the overdue taxes shall be waived by the IR. In February 2017, the Group received a notification from the IR determining the final settlement of tax payable for these 16 assessment years to be HK\$193,000,000 (Indian Rupee equivalent) and which the Group has subsequently paid. Accordingly, all the Indian income tax liabilities for these 16 assessment years were fully settled in 2017.

6. Income tax expense (Continued)

Note: (Continued)

(a) (Continued)

For the subsequent assessment years (i.e. assessment year 2013/14 and onwards), the Group may still contest the assessment orders of the IR, to the extent relevant.

Based on the latest assessment orders and on the advice from the Group's advisers in India, the Group has made its best estimate to record a provision of approximately HK\$97,000,000 for the year ended 31 December 2017 (2016: HK\$14,000,000). This tax provision for the year included an additional tax provision arising from DRS 2016.

- (b) In June 2016, the Group received a tax refund from the Hong Kong Inland Revenue for the year of assessments from 2012/13 to 2013/14 of approximately HK\$30,000,000. This refund arose as a result of the changes in the basis of assessment. Accordingly, the Group has written back the additional tax provision of HK\$41,000,000 for the year of assessments from 2012/13 to 2015/16 which was previously made.

The tax on the Group's profit before income tax differs from the theoretical amount that would arise using the profits tax rate of Hong Kong where the Group principally operates, as follows:

	2017 HK\$'000	2016 HK\$'000
Profit before income tax	546,813	456,978
Tax calculated at tax rate of 16.5% (2016: 16.5%)	90,224	75,401
Tax effect of income not subject to income tax and other tax credit	(124,847)	(103,348)
Tax effect of expenses not deductible for tax purposes	67,221	65,755
Income tax in respect of overseas profits	121,187	44,339
Adjustments in respect of prior years	(3,572)	(55,103)
Tax charge	150,213	27,044

The effective tax rate of the Group was 27.5% (2016: 5.9%).

The higher effective tax rate for the year ended 31 December 2017 was mainly attributable to the additional tax provision arising from the settlement of tax disputes in 2017 under DRS 2016.

7. Earnings per share

Basic

Basic earnings per share is calculated by dividing the profit attributable to owners of the Company by the weighted average number of ordinary shares in issue during the year.

	2017 HK\$'000	2016 HK\$'000
Profit attributable to owners of the Company	<u>396,669</u>	<u>429,934</u>
	2017	2016
Weighted average number of ordinary shares for the purpose of calculating basic earnings per share (in thousands)	<u>390,860</u>	<u>390,989</u>
Basic earnings per share (HK\$)	<u>1.01</u>	<u>1.10</u>

The weighted average number of ordinary shares shown above has been arrived at after deducting the shares held under the share award scheme.

Diluted

Diluted earnings per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares.

Share Award Scheme

The Company has restricted shares under the 2007 Share Award Scheme which would have dilutive effects. The calculation is done to determine the number of shares that could have been acquired at fair value (determined as the average market price of the Company's shares for the year) based on the monetary value of outstanding restricted shares. The number of shares calculated as above is compared with the number of shares that would have been issued assuming the restricted shares were fully vested.

Share Options Scheme

The Company has share options, issued in October 2016, which would have dilutive effects. A calculation is done to determine the number of shares that could have been issued assuming the exercise of the share options less the number of shares that could have been issued at fair value (determined as the average market price of the Company's shares for the year) for the same total proceeds as the number of shares issued for no consideration. The resulting number of shares issued for no consideration is included in the weighted average number of ordinary shares as the denominator for calculating diluted earnings per share.

7. Earnings per share (Continued)

	2017 HK\$'000	2016 HK\$'000
Profit attributable to owners of the Company	<u>396,669</u>	<u>429,934</u>
	<u><u> </u></u>	<u><u> </u></u>
	2017	2016
Weighted average number of ordinary shares for the purpose of calculating basic earnings per share (in thousands)	390,860	390,989
Effect of Awarded Shares (in thousands)	61	987
	<u> </u>	<u> </u>
Weighted average number of ordinary shares for the purpose of calculating diluted earnings per share (in thousands)	<u>390,921</u>	<u>391,976</u>
	<u><u> </u></u>	<u><u> </u></u>
Diluted earnings per share (HK\$)	<u>1.01</u>	<u>1.10</u>
	<u><u> </u></u>	<u><u> </u></u>

The conversion of share options would have an anti-dilutive effect to the basic earnings per share during the year ended 31 December 2017.

8. Dividends

The dividends paid in 2017 were HK\$148,491,000 (HK\$0.38 per share) (2016: Nil). The Board recommends the payment of a final dividend of HK\$0.20 per share (2016: HK\$0.20 per share). Such dividends are to be approved by the shareholders at the annual general meeting to be held on 15 June 2018. These consolidated financial statements do not reflect these dividends payable.

	2017 HK\$'000	2016 HK\$'000
Interim dividend paid of HK\$0.18 (2016: HK\$Nil) per ordinary share	70,415	-
Proposed final dividend of HK\$0.20 (2016: HK\$0.20) per ordinary share	<u>78,239</u>	<u>78,239</u>
	<u><u> </u></u>	<u><u> </u></u>
	<u>148,654</u>	<u>78,239</u>

9. Trade and other receivables

	2017 HK\$'000	2016 HK\$'000
Trade receivables	100,504	213,517
Trade receivables from related parties	104,162	101,754
Less: allowance for impairment of trade receivables	<u>(19,524)</u>	<u>(21,081)</u>
Trade receivables – net	<u>185,142</u>	<u>294,190</u>
Other receivables – net	7,834	-
Deposits and prepayments	18,473	26,285
	<u>211,449</u>	<u>320,475</u>
Less non-current portion: deposit	<u>(2,851)</u>	<u>(2,851)</u>
Current portion	<u>208,598</u>	<u>317,624</u>

9. Trade and other receivables (Continued)

All non-current receivables are due within five years from the end of the reporting period.

The carrying amounts of trade and other receivables approximate their fair values.

A majority of the trade and other receivables are denominated in HKD, USD and RMB.

The Group generally bills its trade customers quarterly in advance in accordance with its agreements. The ageing analysis of trade receivables according to the due date is stated as follows:

	2017 HK\$'000	2016 HK\$'000
Not yet due	46,475	141,551
1 to 30 days	41,079	38,123
31 to 60 days	38,756	31,394
61 to 90 days	14,644	14,895
91 to 180 days	42,638	49,094
181 days or above	21,074	40,214
	204,666	315,271

As at 31 December 2017, trade receivables are relating to large number of customers that are internationally dispersed. As at 31 December 2016, approximately HK\$128,278,000 was due from a single external customer.

As of 31 December 2017, trade receivables of HK\$19,524,000 (2016: HK\$21,081,000) were impaired and fully provided for. The impaired receivables mainly relate to customers' failure to make payment for more than six months. The ageing analysis of these receivables is as follows:

	2017 HK\$'000	2016 HK\$'000
1 to 30 days	840	770
31 to 60 days	158	16
61 to 90 days	105	19
91 to 180 days	3,888	2,394
181 days or above	14,533	17,882
	19,524	21,081

Movements on the allowance for impairment of trade receivables are as follows:

	2017 HK\$'000	2016 HK\$'000
At 1 January	21,081	20,368
Provision for impairment of receivables, net	6,519	2,350
Amounts written off	(8,076)	(1,637)
At 31 December	19,524	21,081

9. Trade and other receivables (Continued)

The creation and release of provision for impaired receivables have been included in administrative expenses in the consolidated statement of comprehensive income. Amounts charged to the allowance accounts are generally written off when they are proven to be irrecoverable.

The ageing analysis of trade receivables that are neither individually nor collectively considered to be impaired are as follows:

	2017 HK\$'000	2016 HK\$'000
Not yet due	46,475	141,551
1 to 30 days	40,239	37,353
31 to 60 days	38,598	31,378
61 to 90 days	14,539	14,876
91 to 180 days	38,750	46,700
181 days or above	6,541	22,332
	<hr/> 185,142 <hr/>	<hr/> 294,190 <hr/>

Trade receivables that were past due but not impaired relate to a number of independent customers for whom there is no recent history of default. Based on past experience, management believes that no impairment allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully recoverable.

The maximum exposure to credit risk at the reporting date is the carrying value of each class of receivables mentioned above. The Group does not hold any collateral as security.

10. Bank borrowings

	2017 HK\$'000	2016 HK\$'000
Current	358,923	350,040
Non-current	2,593,983	2,913,283
	<hr/> 2,952,906 <hr/>	<hr/> 3,263,323 <hr/>

The Group utilised banking facilities of approximately HK\$2,996,660,000 (2016: HK\$3,339,980,000) as at 31 December 2017. The carrying amount of the bank borrowings was approximately HK\$2,952,906,000 (2016: HK\$3,263,323,000), after netting off transaction costs of approximately HK\$43,754,000 (2016: HK\$76,657,000).

Bank borrowings are all denominated in USD.

The bank borrowings amounting to HK\$1,554,977,000 (2016: HK\$1,817,302,000) are secured by a charge on insurance claim proceeds relating to AsiaSat 6 and AsiaSat 8 satellites. They are repayable semi-annually commencing from February 2015 with the final repayment in April 2023 and carry coupons of 2.65% per annum (2016: 2.65% per annum). The effective interest rate on these bank borrowings was 3.52% (2016: 3.52%). The fair values of these bank borrowings are based on cash flows discounted using a rate based on the effective interest rate of 4.01% (2016: 3.46%) and are within level 2 of the fair value hierarchy.

10. Bank borrowings (Continued)

During the year ended 31 December 2017, the Group obtained the New Syndicated Facilities comprising a term loan of HK\$1,406,520,000 and revolving credit facilities of HK\$312,560,000 respectively with final maturity in July 2022, secured by a charge on insurance claim proceeds relating to certain satellites other than AsiaSat 6 and AsiaSat 8 satellites. The New Syndicated Facilities are used to refinance the term loan and revolving credit facilities obtained in 2015 in full.

Under the New Syndicated Facilities, the term loan is repayable annually commencing from July 2018 with the final repayment in July 2022. The revolving credit facilities are available for drawdown for a period from 1 to 6 months until June 2022, and any outstanding balances will be repaid in full by July 2022. These bank borrowings carry floating rates at London Interbank Offered Rate ("LIBOR") plus a margin and the exposure of these bank borrowings to interest rate changes and the contractual repricing dates are six months or less. During the year ended 31 December 2017, the weighted effective interest rate on these bank borrowings under the New Syndicated Facilities was 2.95% (2016: 3.64% under the term loan and revolving credit facilities obtained in 2015).

At 31 December 2017, the Group's bank borrowings were repayable as follows:

	2017 HK\$'000	2016 HK\$'000
Within 1 year	358,923	350,040
Between 1 and 2 years	355,079	344,675
Between 2 and 5 years	2,094,966	2,141,693
Over 5 years	143,938	426,915
	<hr/> 2,952,906 <hr/>	<hr/> 3,263,323 <hr/>

The interest expense and finance charges on bank borrowings for the year ended 31 December 2017 was HK\$116,174,000 (2016: HK\$132,881,000), of which HK\$44,960,000 (2016: HK\$78,528,000) was capitalised as the costs of property, plant and equipment during the year.

In December 2016, the Group had also obtained a short-term credit facility of HK\$156,280,000 with a maturity date of one year after the initial drawdown date. The facility was originally available for drawdown within 6 months from December 2016 and any undrawn facility will then be cancelled. During the year ended 31 December 2017, the Group has extended the availability of the short-term credit facility to March 2018. The Group did not make any drawdown from this facility at the end of 2017.

As at 31 December 2017, the Group had available unutilised banking facilities of approximately HK\$468,840,000 out of which approximately HK\$156,280,000 will be expired in March 2018 and the remaining HK\$312,560,000 will be expired in June 2022.

10. Bank borrowings (Continued)

The carrying amounts and fair values of the bank borrowings are as follows:

	Carrying amount		Fair value	
	2017 HK\$'000	2016 HK\$'000	2017 HK\$'000	2016 HK\$'000
Current	358,923	350,040	333,376	352,049
Non-current	2,593,983	2,913,283	2,569,795	2,917,160
	2,952,906	3,263,323	2,903,171	3,269,209

11. Purchase, sale or redemption of securities

During the year, the Trust, which was set up to administer the Company's 2007 Share Award Scheme, has purchased a total of 999,500 ordinary shares of HK\$0.10 each of the Company at an average price of HK\$9.32 per share on the Stock Exchange. The purchase involved a total cash outlay of HK\$9,315,000. The aggregate price of the purchased shares was charged to equity as "Shares held under Share Award Scheme".

Save as disclosed above, neither the Company nor any of its subsidiary companies has purchased or sold any of the Company's shares during the year ended 31 December 2017 and the Company has not redeemed any of its shares during the year ended 31 December 2017.

12. Corporate governance

Throughout 2017, the Group complied with the requirements of local and relevant overseas regulators, and applied the principles and complied with the provisions of Corporate Governance Code and Corporate Governance Report ("CG Code") as set out in Appendix 14 to the Rules Governing the Listing of Securities ("Listing Rules") on the Stock Exchange.

The Group has adopted procedures governing Directors' securities transactions in compliance with the Model Code as set out in Appendix 10 to the Listing Rules.

13. Audit Committee

The Audit Committee ("AC") consists of six members, four of whom are Independent Non-executive Directors ("INED") who satisfy independence, financial literacy and experience requirements, whilst the other two members are Non-executive Directors and have only observer status with no voting rights. The AC is chaired by an INED, who possesses appropriate professional qualifications and experience in financial matters.

The AC has reviewed the accounting principles and practices adopted by the Group and the consolidated financial statements for the year ended 31 December 2017 in conjunction with the Company's independent auditors.

14. Charges on assets

Save as disclosed in Note 10 above, there was no other charge over the Group's assets as at 31 December 2017 and 31 December 2016.

15. Publication of detailed results announcement on the Stock Exchange's website

A detailed results announcement containing all the information required by paragraphs 45 of Appendix 16 of the Listing Rules has been published on the Stock Exchange's website (www.hkex.com.hk) and the Company's website (www.asiasat.com). The 2017 annual report will be despatched to the shareholders and available on the same websites on or before 30 April 2018.

16. Dividends

The Board recommends a final dividend of HK\$0.20 per share in respect of 2017 to shareholders whose names appear on the register of members of the Company on Tuesday, 26 June 2018. The proposed final dividend will be paid on or about Friday, 6 July 2018 subject to the approval of the shareholders at the forthcoming Annual General Meeting of the Company to be held on Friday, 15 June 2018.

17. Closure of register of members

The register of members of the Company will be closed from Friday, 8 June 2018 to Friday, 15 June 2018 (both days inclusive), during which period no transfer of shares in the Company will be allowed. In order to determine the identity of members who are entitled to attend and vote at the annual general meeting to be held on Friday, 15 June 2018, all share transfer documents accompanied by the relevant share certificates, have to be lodged with the Company's share registrar, Computershare Hong Kong Investor Services Limited, Shops 1712–1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong, no later than 4:30 p.m. on Thursday, 7 June 2018.

For the purpose of determining the entitlement to proposed final dividend, the register of members of the Company will be closed from Monday, 25 June 2018 to Tuesday, 26 June 2018 (both days inclusive), during which period no transfer of shares in the Company will be allowed. All share transfer documents accompanied by the relevant share certificates, have to be lodged with the Company's share registrar, Computershare Hong Kong Investor Services Limited, Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong, no later than 4:30 p.m. on Friday, 22 June 2018.

18. Scope of work of PricewaterhouseCoopers

The figures in respect of the Group's consolidated statement of financial position, consolidated statement of comprehensive income and the related notes thereto for the year ended 31 December 2017 as set out in the preliminary announcement have been agreed by the Group's auditor, PricewaterhouseCoopers, to the amounts set out in the Group's audited consolidated financial statements for the year. The work performed by PricewaterhouseCoopers in this respect did not constitute an assurance engagement in accordance with Hong Kong Standards on Auditing, Hong Kong Standards on Review Engagements or Hong Kong Standards on Assurance Engagements issued by the Hong Kong Institute of Certified Public Accountants and consequently no assurance has been expressed by PricewaterhouseCoopers on the preliminary announcement.

CHAIRMAN'S STATEMENT

INTRODUCTION

In 2017, benefiting from the lease of the full Ku-band payload of AsiaSat 8 in February coupled with a newly created sales structure, the Company revenue was HK\$1,354 million, an increase of 6% compared to 2016.

Satellite market conditions remain challenging in the face of pricing pressures from increased competition in the region and the impact from disruptive new technologies. Thanks to the addition of the powerful AsiaSat 9 to its fleet, the Company believes it can achieve a period of modest growth with the proper execution of sales strategies. However, we recognise the need to continue to manage closely the pricing pressures on data services as well as compression improvements for video distribution, which to some extent neutralise the benefits of the increased demand generated by mobility applications and video format upgrades.

The Company aims to leverage its growing customer recognition to take advantage of the positive long-term prospects for video services via satellite supported by new potential data opportunities from High Throughput Satellite (HTS). We continue to proceed with the planning process for our first HTS, which would bring significantly improved power and highly flexible digital on-board processing technology.

FINANCIAL PERFORMANCE

Revenue

In 2017 revenue returned to an upward trend with an increase of 6% to HK\$1,354 million from HK\$1,272 million over the previous year, supported by the lease of the full Ku-band payload of AsiaSat 8 in February 2017. During the year, despite the ongoing pricing pressures, the Company also benefited from the on-going migration from Standard Definition to High Definition broadcasting along with increased demand for data services. In December, following the successful migration of customers from AsiaSat 4 to AsiaSat 9, the Company leased the full payload of AsiaSat 4 to a single customer, the full revenue impact of which will be seen in 2018.

Operating Expenses

Operating expenses in 2017, excluding depreciation, were HK\$279 million (2016: HK\$244 million), an increase of 14% as compared to the previous year. This incremental rise in expenses was due to impairment of trade receivables, exchange loss, increased office rental and staff costs.

Other Gains

Other gains for the year 2017 were HK\$92 million (2016: HK\$5 million) mainly due to a one-off income and recovery of expenses of approximately HK\$89 million arising from the resolution of a long pending tax matter related to the provision of services to a customer.

Finance Expenses

Net finance expenses after capitalised interests were HK\$95 million (2016: HK\$54 million), up by HK\$41 million from a year ago. The 2017 net finance expense figure included the impact from a write-off of a HK\$24-million unamortised arrangement fee for an existing term loan which was refinanced in July 2017 and the cessation of interest capitalisation for the financing cost of AsiaSat 9 when it became fully operational in November 2017. If capitalised interests were to be included (2017: HK\$45 million and 2016: HK\$79 million), total finance expenses would have been HK\$140 million in 2017 (2016: HK\$133 million).

Depreciation

Depreciation costs remained stable at HK\$526 million (2016: HK\$522 million) despite the commencement of the depreciation of AsiaSat 9.

Taxation

Income tax expenses were HK\$150 million (2016: HK\$27 million), representing an increase of HK\$123 million due to the reversal of a tax provision of HK\$55 million in 2016 when the Company reached an agreement with a tax authority on the treatment of certain revenues and expenses. A cost was also incurred from the payment of additional tax following the settlement of a tax dispute under the Indian Direct Tax Dispute Resolution Scheme 2016 as described in Note 6 in this announcement.

Profit

Profit attributable to the owners for 2017 was HK\$397 million (2016: HK\$430 million). If a reversal of tax provision of HK\$55 million was excluded, the 2016 profit was HK\$375 million. This means on a like-for-like basis, profit attributable to the owners for 2017 represents an increase of HK\$22 million from 2016. This improvement on profit was as a result of higher revenue and other gains, but was reduced by higher exchange losses, the write off of unamortised loan arrangement fees, staff costs, finance expenses and income tax expenses.

Cash Flow

As of 31 December 2017, the Group's cash and bank balances stood at HK\$215 million (31 December 2016: HK\$241 million).

The cash inflow mainly comprised net cash generated from operating activities of HK\$1,088 million (2016: HK\$991 million) and proceeds from refinancing loan of HK\$1,414 million (2016: Nil). The Group saw a net cash outflow of HK\$29 million in 2017 (2016 inflow: HK\$3 million). The cash outflow included capital expenditures of HK\$544 million (2016: HK\$406 million), the payment of HK\$148 million (2016: Nil) in dividends and repayment of bank borrowings of HK\$1,786 million (2016: HK\$523 million), which included the early repayment in full of a term loan amounting to HK\$1,482 million.

Dividend

At the Annual General Meeting to be held on 15 June 2018, the Board will recommend a final dividend of HK\$0.20 per share (2016: HK\$0.20 per share) for the year ended 31 December 2017. Together with the interim dividend of HK\$0.18 per share (2016: Nil), the total dividend for the year 2017 is HK\$0.38 per share (2016: HK\$0.20 per share).

OVERALL BUSINESS PERFORMANCE

Overall, the Company has seen a greater level of utilisation of its expanded and upgraded satellite fleet. As of 31 December 2017, the number of transponders leased or utilised by the Company was 126 as compared with 99 transponders as of 31 December 2016. Overall payload utilisation for the period ended 31 December 2017 was 69% as compared to 67% as of 31 December 2016.

Despite increased pricing pressure in the region, AsiaSat has managed to achieve modest business growth by taking advantage of the resilient broadcasting market in Asia evidenced by a balanced mix of channels and long-term customer relationships.

Additional strategic efforts that contributed to the improved 2017 financial performance include the renewed focus on the Europe and Middle East markets, the consistent deployment of dedicated resources for the distribution of sports and news content, the continued growth of VSAT-based mobility services for the aviation and maritime markets and the nascent growth of consumer broadband services across the region.

Customer backlog in 2017 fell to HK\$3,684 million from HK\$4,067 million representing a 9% drop. This drop is in part due to overall pricing pressure and customers generally adopting a more conservative approach by entering into contract of shorter duration.

OUTLOOK 2018-2020

In terms of the overall market outlook, according to the International Monetary Fund (IMF), the Economist Intelligence Unit (EIU), the World Bank and other global forecasters annual GDP growth for 2018-2020 will stand at 3%, with APAC forecasts at above 5% per year to 2020.

The Board of Directors remains cautiously optimistic about AsiaSat's long-term video and data distribution strategies for national and international markets. The Company will maintain its high level of commitment to a diversified video and data customer base with data potentially accounting for an increasing revenue share in the medium term. Despite ongoing pricing pressures, regional demand for video and data services will remain solid, especially with respect to demand for ever higher quality and higher speed video content from the younger middle class population.

The Company continues to exploit its broadcast heritage in an IP world as we develop a "CDN (Content Delivery Network) in the Sky" service designed to cater for fast-growing mobility markets in remote areas across the entire AsiaSat footprint. It will enable the Company to offer additional IP based services, for example to cruise ships and to its existing video customer base.

Finally, the Company will continue to evaluate opportunities to develop its HTS capabilities and strategy. As the Asia Pacific market digests the opportunities presented by the latest HTS solutions, we believe this presents the Company a strategic opportunity to meet increasing consumer demands in the mobility sector such as in-flight broadband services.

LEADERSHIP

This year the Company celebrates the 30th anniversary since its foundation in 1988 and the launch of AsiaSat 1 in the spring of 1990. Since that time AsiaSat has remained committed to efficiency and customer benefits while providing consistent returns to its investors.

We look forward to working yet more closely with our partners and the community at large to deliver high quality connectivity solutions to billions of consumers across the region in both the broadcast and data markets.

ACKNOWLEDGEMENTS

I would like to take this opportunity to thank past Board members Mr. Stephen Lee, Mr. Kenneth McKelvie, Mr. James Watkins and Mr. Alex Ying for their valuable contributions and to welcome Mr. Herman Chang, Mr. Marcel Fenez, Mr. Steven Leonard and Ms. Philana Poon as new members of the AsiaSat Board of Directors.

Finally, I also express my gratitude to our customers, our management team led by our Chief Executive Officer Mr. Andrew Jordan and his staff, who worked tirelessly in 2017 to maintain AsiaSat's position in our industry. I also thank our shareholders for their continuing commitment to the Company and our industry.

Gregory M. ZELUCK
Chairman

Hong Kong, 23 March 2018

As at the date of this announcement, the Board comprises 11 directors. The Executive Director is Mr. Andrew G. JORDAN. The Non-executive Directors are Mr. Gregory M. ZELUCK (Chairman), Mr. JU Wei Min (Deputy Chairman), Mr. LUO Ning, Mr. Peter JACKSON, Mr. Herman CHANG Hsiuguo and Mr. Julius M. GENACHOWSKI. The Independent Non-executive Directors are Mr. Marcel R. FENEZ, Mr. Steven R. LEONARD, Ms. Philana Wai Yin POON and Ms. Maura WONG Hung Hung. The Alternate Director is Mr. CHONG Chi Yeung (alternate to Mr. LUO Ning).

* For identification purpose only
